CWA Local 6171 – Valor Unit Group Bargaining Committee Report

Today was a mixed day with the morning session showing promise with the company showing positive movement on some of the smaller items. The afternoon session was tainted with battles over the larger regressive items the company has yet to show movement on.

It is important to remind everyone that collective bargaining is an iterative process. Not every proposal will be accepted immediately, and resolution on all issues will not occur in a single session. Negotiations may proceed slowly at times, though we anticipate that further meaningful movement will continue to take place as the process unfolds.

The bargaining team is encouraged to see pictures of members wearing their Red shirts in the field. Please continue to share photos with your Local leadership so that we may feature them on the website shortly.

Remember to wear **RED** on Thursdays, Stay United and sign up all non members.

In solidarity,
Your 2026 Bargaining Team
