CWA Local 6171 – Valor Unit Group Bargaining Committee Report

As we conclude the second week of bargaining, few proposals were exchanged today, as both sessions were dedicated to addressing inquiries regarding current and recent field practices of which the Union was previously unaware. While these extensive information requests slowed our progress, they remain essential to ensuring that all proposals and counter-proposals accurately reflect the realities of the field.

The bargaining committee remains committed to thoroughly reviewing and evaluating the amended proposals presented. Each proposal is being carefully examined to understand its potential impact on our members, working conditions, wages, benefits, and our collective future. We do not take these decisions lightly, and your committee fully recognizes the significant responsibility inherent in representing you at the bargaining table.

Please be aware that the Local plans on conducting a “Strike Vote” next week which authorizes the National the ability to call for a strike if necessary after the expiration of the CBA.

Remember to wear **RED** on Thursdays, Stay United and sign up all non members.

In solidarity,
Your 2026 Bargaining Team
