

8/9/2024

Sisters and Brothers,

Your Bargaining Committee met in joint session with the Company today. The Union passed additional proposals on subjects identified by the members on the Bargaining Surveys. Clarification was given by the Union and productive discussions followed.

The parties agreed to adjourn for the weekend to review each of the proposals submitted by both the Union and Company and continue negotiations Monday morning.

The Bargaining Committee asks that you continue your support while we work to secure an Agreement that recognizes your contributions to the success of Brightspeed and also meets the needs of the hardworking members and your families.

Remember to work safely whether at home or in the field and stay hydrated.

In Unity

CWA Local 6171 Bargaining Committee
